Liberty for All:

TRANSFORMING COMMUNITIES ONE SCHOLAR AT A TIME

Established in 2020 and currently serving kindergarten through 6th grade, Liberty STEAM is on track to graduate the area's most prepared, productive citizens. We are growing to accommodate over 2,000 area scholars amongst multiple distinguished academies – all tuition-free.

THE VISION

To provide real-world interdisciplinary, personalized, and project-based learning experiences through a STEAM-based academic program where graduates become **the next generation of leaders, employers, and employees who contribute to the economic well-being of their communities and families.**

FUNDING THE GAP

\$2,064

Receiving only roughly 70% of scholar funding from state and federal departments, none of which comes from local property tax, **our deficit amounts to \$2,064 per scholar.**

\$2MM+

The fundraising need for school year 2026-2027 amounts to over \$2MM.

\$40MM

With no government funding for transportation or facilities, **LSC will need to raise approximately \$40MM to build out our future academies in the next five to seven years.**
